FLEV PRO · CONNECTED DEPARTMENTS

Your club. Your team. Connected.

Connect coaching, health and performance to make decisions with more context.

Athlete Center · Current interface · Demo data · Shown in Portuguese

01 Integrated planning and communication.

02 Health, performance and development.

03 Data and reports in the athlete’s context.

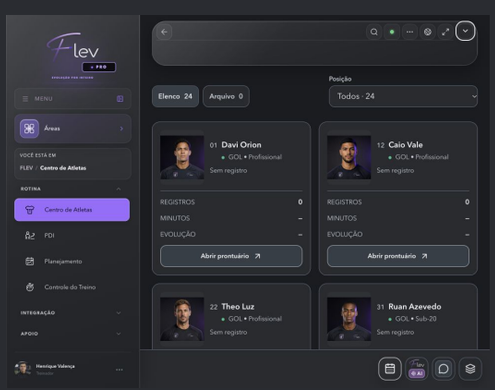

For clubs, managers, coaching staffs and multidisciplinary teams. Enterprise service by consultation.

Discover FLEV PRO ↗

One ecosystem. Four products.

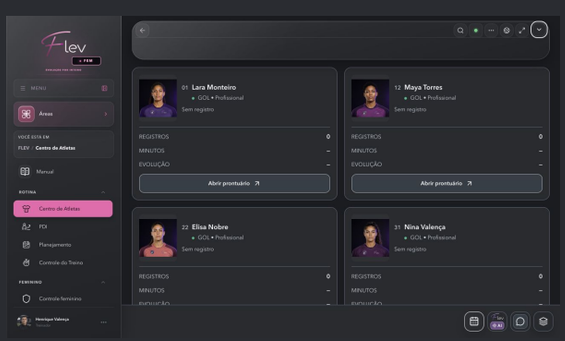

Different routines. The athlete at the center.

PRO

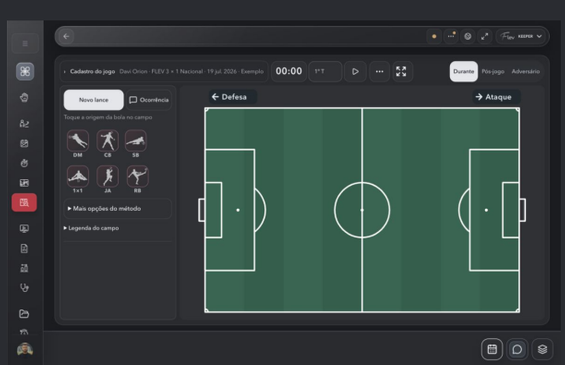

Coaching, performance and health connected.

FEM

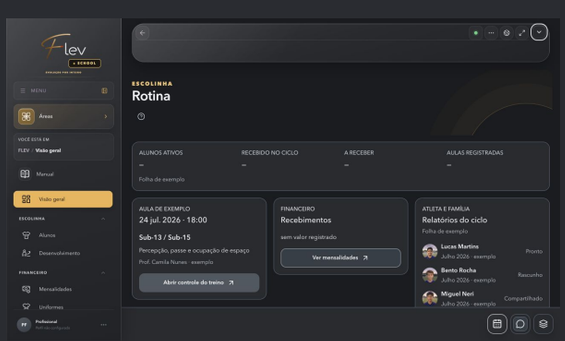

Technology dedicated to women's football.

KEEPER

Your method and goalkeeper development.

SCHOOL

Football schools, teachers and families connected.

Current interfaces · Demo data · Shown in Portuguese

7 languages

Portuguese · English · Spanish · Italian
French · German · Arabic

Take a closer look. Let’s talk.

Less screen time.
More time for the athlete.

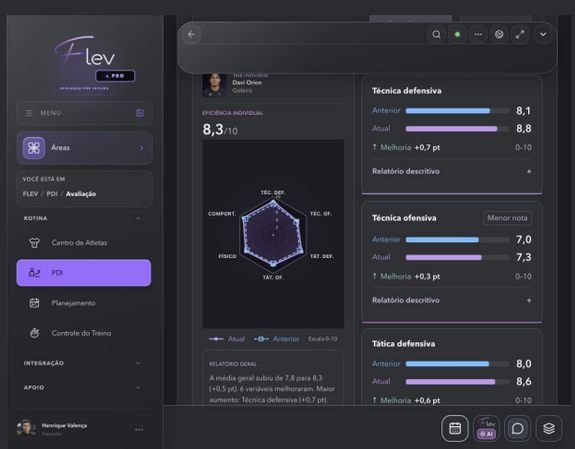

From planning the activity to individual development: two current FLEV PRO screens, each with a distinct role.

01 Plan

Free tactical board: athletes and visual organization on the pitch.

02 Follow development

PDI: individual assessment, chart and comparison by variable.

Current interfaces · Demo data · Shown in Portuguese

Shape your methodology through your terminology, concepts and criteria. Internal intelligence helps organize records; external services can extend the analysis when configured and authorized.

Experience on the field. People at the center.

FLEV founder
Goalkeeper coach and coaching coordinator

Experience in football shaped a more connected way of working, closer to the athlete.

- Internacional: youth and professional teams and goalkeeper coaching coordination.
- Brazil youth national teams, Qatar Olympic and U-20 teams, and Aspire Academy.
- Instructor on coaching license courses with CBF and the São Paulo Football Federation.
